

POWERPACK
Packaging Life

POWERPACK BOPP tapes, manufactured in state-of-the-art facilities, are strong, have superb adhesion and can withstand extremes of temperature and pressure. They have been designed to provide complete protection to packages during transit and handling. They are ideal for use in automatic packing machines.

Powerpack's BOPP tapes are tamper-proof and are available in a variety of colours, thickness, roll lengths and roll widths (see specifications). We also manufacture custom-printed or signature tapes that can be printed with your company's logo or product name. This not only prevents tampering, it also provides companies a branding opportunity.

BOPP Tapes

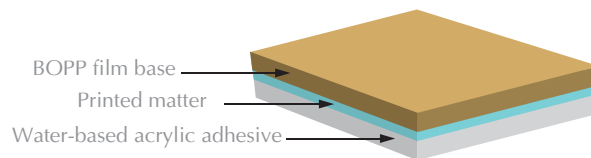

Advantages

- Superb tack and adhesion to surface
- Strong grip due to excellent adhesive backing
- Quality processing equipment that guarantees consistent quality
- Uniform coating process
- Assured and marked tape length
- Durable, Long shelf life.
- Peak performance even under extreme pressure and temperature conditions
- Custom printed tapes upto 7 colours

Plain BOPP Tape
